As crianÃas com idades compreendidas entre os 5Âe13 anos aprendem a seguranÃa na praia e a sensibílizaÃÃo, num ambiente divertido e saudÃvel. Salva-vidas em Bondi Beach Training Os salva-vidas dos surfistas devem ser nadadores competentes e habilidosos no salvamento resuscitation and first aid. The entry level qualification to be a surf lifeguard is © Surf Rescue Certificate (SRC). Volunteers must be at least 13 years of age to qualify, which implies a technical and technical education, and an assessment of the capabilities of patrolling and saving lives. After the conclusion of the Surf Rescue Certificate, surf lifeguards are encouraged to undertake the Bronze Medal lion and then additional training in the Areas of Emergency Care, Powercraft, Beach Management, Water Rescue and Training and Assessment. Lifeguards must© also participate in an annual competition maintenance section to ensure that they maintain and update their competitions. International Development Most of the international work of Surf Life SavingÃes is© carried out in the Arctic-Social region, not only due to geographical location, but© also due to the aquiconic environments within the region. In addition© as the largest developed country in the Economic-Peaceful region, AustrÃlia has a great responsibility in supporting developing countries. Surf Life Saving Australia research is focused on exploring statin and analysis data to support the development of education, technology, communications and operations to reduce drowning deaths in Australia. Although the SLSA has been conducting research for many years, 2010 was the birth of a dedicated and exhaustive research program. The SLSA Research Scheme was introduced to adopt rigor in the design of research projects and provide funding for targeted and priority research projects.
