What to make a form in Google Slides? Google Drawings is a relatively unknown product : Allows the user (that you are Tú) to create original art, simple drawings, diagrams, etc.., For this task, you will use Google Drawings to create something called Flow / Decision Diagram. What is that? Well, a flow diagram / decisions is a diagram showing all possible steps and results of a problem or question. Here are some examples: Á, Á, Á, Á, á. Yes They would look closely, they would have noticed some problems with the first tree, but the second and the third are much more complete. In Google Drawings, create your Decision Tree using the forms and connectors. You can use colors, forms or original images.Á, á, make sure to correctly document the flow of your tree of CIS Think about terms of "SA" questions and "no", and when it is the result of each one.
